WELCOME TO OPEN STUDIOS 2023 NEVADA COUNTY WEST

The Center for the Arts is proud to present the 28th annual Open Studios program! Over 80 artists across 57 different studios, schools, and galleries.

"Open Studios is a magical time for our community! On the tour, you will not only discover the rich creative heart of Nevada County's Western Region, but also the beauty of our autumn landscape. Every October, as the leaves turn, local artists open up their studios and galleries so that you can see where art is made, displayed, and appreciated. The tour features a multitude of classic and

contemporary art for every taste and hosts sculptors, printmakers, photographers, painters, illustrators, woodworkers, designers, jewelers, fiber arts, and much more! Every year I look forward to this wonderful opportunity to meet artists, view past and current works, watch live demonstrations, learn about their processes, and buy original art directly from the source! Beyond an art sale, Open Studios is a chance to experience first-hand how, where, and why art is created."

-Brynn Farwell, Associate Director of Programming

ABOUT OPEN STUDIOS

Open Studios - Nevada County West is The Center for the Arts' largest annual visual arts program which serves on average 200+ artists, in both urban and rural studios, with an estimated 5,000 attendees every year. This self-guided tour extends throughout western Nevada County every second and third weekend of October. In addition, The Center's Granucci Gallery hosts a Preview Exhibition featuring one work from each participating artist, gallery or group studio. To attend the self-guided tour, use this guide and the Preview Exhibition to discover artists you'd like to visit and plan your route.
